ALERT: Powdered Infant Formula Recall

Three brands of powdered infant formula were recalled on February 17, 2022, for possible [*Cronobacter*](#) contamination. FDA is investigating several consumer complaints about sick infants who were fed powdered formula.

Recalled powdered infant formulas are Similac, Alimentum, and EleCare. Do not use these brands if they meet all 3 of these conditions:

- First two digits are 22 through 37, AND
- Code on the container contains "K8," "SH," or "Z2," AND
- Use-by date is 4-1-2022 (APR 2022) or later

Do not feed infants recalled powdered formula. Throw it away or return it for a refund. Visit FDA's website for more information.
